Issue Forum Information

Issue Forums are roundtable discussions of real problems in our society. These forums are specifically geared towards educating Circle Kers. You may choose to attend these forums by ranking them from 1 (most interesting) to 4 (least interesting) in the space provided below.

The forums will begin with a short introduction to the problem by the group leader. This introduction will include facts and statistics about the current situation, and how the problem has been approached in the past. This will follow with a roundtable discussion (facilitated by the group leader) of possible solutions for the problem, and how Circle Kers can help in the solution.

The four issue forum groups are: Illiteracy Hunger Disability Homelessness

If you would like to participate in these forums, please rank these forums from 1 (most interested in attending) to 4 (least interested in attending)
